YUKON® ADVANCED OPTICS

NVMT 4x50™

The Yukon NVMT series embraces modern, cutting edge technology without forgetting practicality. The **NVMT 4x50™** is the most powerful handheld in the Yukon arsenal; the incredible 50mm lens ensures powerful light gathering and light transmission for a pristine image. Capable of being transformed into any of the NVMT line's variations, the 4x50 can be used with NVMT Riflescope Conversion Kit and NVMT Head Gear Kit (recommend using #29051 2x24 Objective Lens). All monoculars in the NVMT series have excellent light amplification performance, amplifying visible light several thousand times, and the exclusive Pulse™ built-in infrared illuminator that expands viewing range and minimizes battery drainage. Fully multi-coated optics decrease glare and improve light transmission to provide an excellent viewing experience while the compact and durable Rubber Armor body is small enough to fit in the palm of your hand or in a pocket, yet rugged enough to withstand use. The NVMT 4x50 is backed by Yukon's Limited Lifetime Warranty.

SPECIFICATIONS

Generation		1
Magnification	(x)	4
Lens diameter	(mm)	50
Field of view	(°)	15
Resolution, typical	(lp/mm)	32-36
Focus range	(yd)	5 to ∞
Eye relief	(mm)	12
Diopter adjustment	(dptr)	+5,-5
Detection distance, approx.	(yd)	up to 280
IR illuminator effective distance	(yd)	up to 100
Power supply; battery type feed voltage	(V)	CR 123A 3
Estimated power life, w/out IR	(hour)	up to 30
Operating temperature	(°F)	-22 to +104
Dimensions	(in)	7.4x3.4x2.4
Weight	(oz)	21.2

INCLUDED ACCESSORIES

- Wrist strap
- Protective carrying case

OPTIONAL ACCESSORIES

- Digital camera adapter
- Directional sound amplification system
- NVMT IR flashlight
- NVMT rifle conversion kit
- NVMT head gear
- NVMT 3x42 objective lens
- NVMT 4x50 objective lens
- Tactical waterproof case

FEATURES

- Multitasking with optional accessories to transform the monocular to a hands-free goggle or riflescope
- High resolution intensifiers
- Multicoated optics
- Integrated "On/Off" and "IR activation" LED indicators
- Built-in powerful PULSE IR System infrared illuminator
- Modern ergonomic design
- Rubber armored
- Water and fog resistant
