

LEVEL DEPENDENT ELECTRONIC EAR MUFF WITH MP3 CORD

FEATURES

PM4011 is a level dependent electronic hearing protector with built-in microphone and electronic amplification circuits, which can amplify ambient sound.

Automatically shuts down the electronic function when ambient sound exceeds preset safety level (83 dB).

NRR 20dB when used in neutral position.

Includes 3.5 mm jack to connect to MP3.

Ideal for noisy industrial environments as well as outdoor activities, such as hunting.

Amplifies surrounding voices, important signals and warnings.

Soft, padded head band for all day comfort

Foam-filled padded ear cups fit securely and comfortably over the ear

Batteries not included (requires 2 AAA batteries)

Individually packaged

Meets ANSI S3.19:1974
Hearing Protection Standard
