

FEATURES

- Works on all rifles and pistols
- More accurate than traditional arbor type boresights
- Precision accuracy
- Reliable and durable
- Fastest gun zeroing and sighting system
- Reduce wasted cartridges and shells
- Compact and lightweight
- Easy to pack and travel
- Comes with a carrying case

SIGHTMARK® UNIVERSAL BORE SIGHT

The **Sightmark® Universal Laser Bore Sight** provides the most convenient and accurate method for sighting in rifles and pistols of all types. Simply place the base of the bore sight onto the end of the barrel of your weapon and it will attach magnetically. A green laser dot will show exactly where your gun is aiming; it's easy to sight in any scope without firing a single shot. Live fire is only needed to fine tune the weapon being sighted in order to compensate for inconsistencies, such as bullet drop due to distance. Perfect for hunters, competitive shooters and law enforcement, the Sightmark Universal bore sight is sure to take the frustration out of sighting in almost any gun. It's easy to use and will quickly save both time and money by avoiding prolonged live fire tests at the range; use the extra ammo for honing those shooting skills and for the hunt. A lightweight carrying pouch protects the bore sight for convenient use in the field. The Sightmark Universal bore sight is protected by a Limited Lifetime Warranty.

SPECIFICATIONS

Laser wavelength	(nm)	532
LED type		visible green laser
Power	(mW)	<5
Battery type	(AG3)	3
Battery life	(hour)	1
Range for sighting	(yd)	15-150
Dot size	(in @ 100yds)	2
Operation		on/off switch
Construction		aluminum
Temperature	(°)	-10-50

INCLUDED ACCESSORIES

- Batteries
- Carrying case
- Limited Lifetime Warranty
