- Wide field of view
- Precision multicoated optics
- 1/4" locking MOA
- Diopter adjustment
- Lightweight
- Waterproof
- Shockproof

### INCLUDED ACCESSORIES

- Set of 30 mm rings
- Limited Lifetime Warranty

The Sightmark® 6x42 Triple Duty riflescope uses cutting edge glass and lens coatings to ensure that it is the most accurate tactical instrument on the market. Precision multicoated optics are the distinguishing feature of the Sightmark Triple Duty riflescope line; multicoated lenses offer the clearest view for easy target acquisition in both bright and low light situations. Both waterproof and fog proof, the nitrogen filled Sightmark Triple Duty line features oversized windage and elevation adjustment knobs for easy adjustment in the field. Locking mechanisms on the windage and elevation adjustments provide an additional level of accuracy and ensure that the scope stays zeroed. The 6x42's internal lit red / green mil-dot reticle helps shooters to successfully make highly accurate shots over a wide range of distances.
