

SIGHT MARK[®]

SIGHTMARK[®] LASER BORE SIGHTS

SPECIFICATIONS

Laser wavelength	(nm)	632-650
LED type		visible red laser
Power	(mW)	<5
Battery type	(AG5)	2
	(AG3)	3
Battery life	(hour)	1
Range for sighting	(yd)	15-100
Dot size	(in @ 100yds)	2
Operation		on/off end cap
Construction		brass
Temperature	(°)	-10 - 50

FEATURES

- Precision accuracy
- Reliable and durable
- Fastest gun zeroing and sighting system
- Reduce wasted cartridges and shells
- Compact and lightweight
- Easy to pack and travel
- Comes with a carrying case

INCLUDED ACCESSORIES

- Battery pack
- Carrying case

The Sightmark[®] Laser Bore Sight provide the most convenient and accurate method for sighting in rifles of all types. Simply chamber bore sight like a regular bullet and a laser dot will show exactly where the rifle is aiming. It's easy to sight in any scope without firing a single shot. Live fire is only needed to fine tune the weapon being sighted in order to compensate for inconsistencies, such as bullet drop due to distance. Perfect for hunters, competitive shooters and law enforcement, the Sightmark laser bore sight is sure to take the frustration out of sighting in almost any gun. It's easy to use and will quickly save both time and money by avoiding prolonged live fire tests at the range; use the extra ammo for honing those shooting skills, and for the hunt. A lightweight carrying pouch protects the laser for convenient use in the field. The Sightmark laser bore sight is available in several calibers and gauges for use with almost all the most popular rifles and shotguns.
